RECEIVED

RE: PSCW Docket 137-CE-139: ATC's North Madison to Huiskamp Transmission Project

Judge Marion,

We are filing as an organization "Save Our Unique Lands" SOUL and requesting full party status in the above-captioned matter. As advocates of responsible and sustainable energy policy, we question the effectiveness of the American Transmission Company's proposed transmission projects in Dane County.

We are requesting full party status in the above titled matter so as to assert our interest in the issues of the case. It would be most appropriate for the PSCW to deem this application incomplete, since the ATC has failed to respond to all the PSCW information requests including the effects of conservation and renewables, and because the ATC has failed to provide credible justification of need among other things.

All ratepayers will be affected by the PSCW decision regarding the ATC's North Madison to Huiskamp Transmission Project. Our interests lie not only here, but also in the well being of the environment and social structures sure to be negatively affected. These matters will not be adequately represented by other parties. Please address all correspondence on this matter to:

John F. Barnes
1811 Spring Rose Rd.
Verona, WI. 53593

Representing SOUL members:

Julie Borodin
Paul O'Leary
Steve Books
Kel Mattice
Lisa Fuelleman

Thank you for your attention to this request.

Sincerely,

John F. Barnes
